AGREEMENT

THIS AGREEMENT made and entered into as of the 1st day of October 1, 2019 by and between KAISER FOUNDATION HOSPITALS, THE KAISER FOUNDATION HEALTH PLAN and THE SOUTHERN CALIFORNIA PERMANENTE MEDICAL GROUP, herein collectively referred to as the "Employer," and the OFFICE AND PROFESSIONAL EMPLOYEES INTERNATIONAL UNION, LOCAL 30, AFL-CIO, CLC, hereinafter referred to as the "Union."

WITNESSETH:

That the parties hereto have agreed as follows:

100 **ARTICLE 1 - PURPOSE OF AGREEMENT**

101 It is the intent and purpose of this Agreement to establish the hours, wages and working conditions for the employees covered by this Agreement; to provide procedures for equitable adjustment for grievances; to prevent interruptions in the performance of this work and, in general, to promote harmonious relations between the Employer and its employees and the Union.

200 **ARTICLE 2 - SCOPE OF AGREEMENT**

201 **Section 1 - Definitions**

202 For the purposes of this Agreement, "Employee" and "Employees" as and whenever used in this Agreement shall mean and include those persons employed by the Employer in classifications covered by this Agreement at its San Diego Medical facility within San Diego County.

203 In the event a new location within San Diego County is opened as an addition to the existing facilities, the terms and conditions of this Agreement shall be extended to all employees at the new location employed in classifications covered by this Agreement.

204 The Employer agrees that programs such as CETA, volunteer and summer youth programs shall not be utilized to displace bargaining unit employees or to fill positions previously occupied by bargaining unit employees, nor shall they be used to reduce their hours of work.

205 The Employer shall notify the Union upon commencement of CETA, volunteer and summer youth programs of the number of participants, their classifications, work location, hours of work per week, and the duration of the program.

206 **Section 2 - Supervisory Employees**

207 Employer recognizes the fact that bona fide supervisory employees are only those who have the authority to hire, promote, discipline, discharge, or otherwise effect changes in the status of employees or effectively recommend such action, and it

is not the Employer's policy to establish jobs or job titles for the purpose of excluding such employees from the units as established in Article 2, Section 1, of our mutual Agreement. Supervisory employees will not perform duties normally performed by employees falling within the scope of this Agreement except for training, orientation, emergencies requiring immediate action, or under circumstances that are beyond the control of the Employer to include those instances when it is impossible to find qualified replacements for vacant established positions.

208 Section 3 - Courtesy

209 The Union and Employer agree to encourage all employees, regardless of position or profession, to perform in an efficient, courteous and dignified manner when such individuals interact with fellow employees, patients and the public.

210 Section 4 - Confidentiality of Medical Records and Member/ Patient Information

211 The contents of all patient/member medical records (to include employees) and patient information (such as but not limited to, Appointment Records and Pharmacy Records, etc.), are of a highly private nature.

212 The use of these records is restricted to the relationship between the provider and those designated by the provider, and his/her patient. It shall be the policy of the organization that access to the contents of all patients' records be restricted to this use. All other uses are unauthorized, except for potential litigation or other medical claims. Any such unauthorized use by any employee regardless of position, will lead to immediate discipline which may include termination. Employees who believe that the confidentiality of their medical records has been violated may bring this issue to the attention of their immediate supervisor or the Human Resources Department in writing with a copy sent to the Union. The Employer must provide a response to the employee within thirty (30) days.

300 ARTICLE 3 - RECOGNITION AND UNION SECURITY

301 Section 1 - Recognition

302 The Employer agrees to recognize the Union as the sole and exclusive bargaining agent for the purpose of collective bargaining with respect to rates of work and working conditions for those employees in the four (4) job families covered by this Agreement.

303 Section 2 - Union Membership

304 All present employees who have become members of or have applied for membership in the Union shall maintain membership therein as a condition of continued employment.

305 All future employees hired by the Employer shall, on the thirty-first (31st) day following the beginning of their employment, become and remain members of the Union in good standing as a condition of continued employment.

306 Section 3 - Maintenance of Membership

307 Employees who are required hereunder to maintain membership and fail to do so shall, upon notice of such action in writing from the Union to the Employer, be replaced by a competent employee whenever such competent employee is available. Employer shall be the sole judge of the competency of such employees.

308 Section 4 - Checkoff

309 The Employer shall deduct from each Union member's wages, the amount of Union dues and initiation fee uniformly required by the Union of all employees covered by this Agreement who have voluntarily agreed to a written assignment which shall be irrevocable until the termination date of this Agreement.

310 The Union shall indemnify the Employer and hold it harmless against any and all suits, claims, demands, and liabilities that shall arise out of or by reason of any action that shall be taken by the Employer for the purpose of complying with the foregoing provisions of this Article.

311 Section 5 - List of Employees

312 On a monthly basis the Employer shall supply the Union with the names, addresses and classifications of work of new employees and the names of employees terminated.

400 ARTICLE 4 - COMMUNITY DISASTER

401 Because of the nature of a medical care organization, it is recognized that a major community disaster could require the services of Employer's facilities far beyond those normally provided. In the event of such a disaster, and in recognition of our obligation to the community, Article 12 - "Hours of Work and Overtime" will be inapplicable during the period of such unusual demands caused by this disaster, provided that the facilities of the organization are made available to the community at large.

500 ARTICLE 5 - MANAGEMENT

501 The Union recognizes that there are rights and responsibilities belonging solely to the Employer such as, but not limited to, the authority to determine the type and scope of work to be performed and the services and products, if any, to be provided, to establish schedules of operation and work load, and to decide the methods, processes, means, and places of providing services and products, except where specifically limited in this Agreement.

502 The authority to select, direct, adjust, transfer, increase and decrease the working force, to remove employees and to maintain discipline among and efficiency of, employees shall be vested solely and exclusively in the Employer, except as may be specifically limited by this Agreement. The Union recognizes that the Employer has the right to make and to establish rules of conduct for employees in or on Employer's property, and to fix and determine penalties for violation of such rules. The Union reserves the right to object to the Employer's actions in any of the above respects through the Grievance Procedure provided for in this Agreement.

600 ARTICLE 6 - GENERAL PROVISIONS

601 Section 1 - Seniority Definitions

602 Seniority for full-time, part-time, irregularly scheduled part-time, on- call and temporary employees shall be defined as continuous service in calendar months from date of hire within the Bargaining Unit with the Employer.

603 An employee's seniority shall be broken for any of the following reasons:

1. Whenever the employee quits.
2. Whenever the employee is discharged.
3. Whenever the employee, when on layoff, fails to return to work within five (5) working days after having been notified by the Employer by Registered Mail, Return Receipt Requested, to the employee's last known address, to return to work.
4. Whenever an employee exhausts his/her recall rights as outlined in Article 7.
5. Retirement
6. Transfer out of the bargaining unit, except as provided in Paragraph 829.

604 A regular employee who has six (6) months service and has terminated or retired and is rehired within six (6) months will retain all previously accrued seniority for wages and benefits and will retain all previously accrued bargaining unit seniority. Prior Sick Leave credit will be restored for employees rehired within six (6) months.

605 Section 2 – Seniority Tie-Breaker

606 When two or more employees have the same Bargaining Unit seniority, and the same employment application date, the seniority tie-breaker utilized will be alphabetical order by last name.

607 Section 3 - Part-time Employees

- 608 A part-time employee is one that is scheduled to work forty (40) hours or more per pay period but less than eighty (80) hours.
- 609 Should the Employer need to schedule additional hours, beyond an employee's regularly scheduled hours, the Employer will do so in accordance with Article 12, Section 4.
- 610 In the event a part-time employee is consistently being utilized, for non-replacement hours, as a thirty-two (32) hour employee for twelve (12) consecutive months or more, said employee may request a change to a regular thirty-two (32) hours status. In the event a part-time employee is consistently utilized, for non-replacement hours, as a full-time employee for twelve (12) consecutive months or more, said employee may request a change to full-time status.

The consistent utilization review will include all non-replacement hours worked. Sick leave hours utilized will not apply as credit toward consistent utilization. Hours used by the employee for his/her annual vacation accrual during the twelve (12) month review period will count towards the utilization review. Two (2) pay-period drops below consistent utilization will be accepted in the twelve (12) month utilization review.

- 611 Full-time hours that an employee accepts to work on a temporary basis to replace an employee on a leave of absence will not apply to the above.

612 Section 4 - On-Call Employees

- 613 An on-call employee is defined as an employee that consistently works less than forty (40) hours per pay period or who works as a replacement on an intermittent basis. The Employer, where feasible, will establish an on-call system. Scheduled on-call shifts must match employer projected needs at least 75% of the time.
- 614 Health Plan and Dental Plan coverages and designated holiday benefits are not extended to on-call employees. On-call employees shall accrue credit for step increases on the same pro rata basis as for part-time employees. However, an on-call employee working on a designated holiday shall be paid the premium rate for all hours worked on the holiday (one and one-half (1 ½) times regular rate - no holiday allowance).
- 615 In lieu of the aforementioned benefits, an on-call employee shall receive a seventy cents (\$0.70) per hour wage additive for each hour she/he works.
- 616 On-call employees who work twenty (20) or more hours per week or forty (40) hours per pay period for four (4) consecutive months shall have their status changed to Irregularly Scheduled Part-time in order to accrue eligibility for Vacation or Sick Leave, health plan coverage, dental plan coverage and designated holiday benefits. When such an employee's status is changed, the employee shall be required to become a member of the Union.

- 617 On-call employees whose status is changed to Irregularly Scheduled Part-time for eligibility of benefits will not receive the on-call wage differential.
- 618 Section 5 - Irregularly Scheduled Part-time Employees
- 619 An Irregularly Scheduled Part-time employee who is maintained in this category for twelve (12) consecutive months shall then be converted to the status of a regular part-time employee when said employee requests a change to part-time status. Hours that an employee accepts to work on a temporary basis to replace an employee on a leave of absence will not apply to the above.
- 620 An Irregularly Scheduled Part-time employee will revert to on-call status within the twelve (12) month period if the employee's utilization becomes less than forty (40) hours per pay period for two (2) consecutive pay periods.
- 621 Section 6 - Temporary Employees
- 622 A temporary employee is one who is hired for an interim period of three (3) months or less.
- 623 All persons hired to replace employees who are on a leave of absence are to be considered temporary and shall be so advised and shall be informed of the approximate date the regular employee is expected to return from leave and whenever possible these employees shall be given two (2) weeks notice of termination.
- 624 Vacation and Sick Leave, health plan coverage, dental plan coverage and designated holiday benefits are not extended to employees in a temporary status. However, such employees who work on a designated holiday shall be paid at the premium rate for hours worked on the designated holiday (one and one-half (1 ½) times regular rate - no holiday allowance).
- 625 Management will notify the Union of the name of the replacement employee, the name of the employee on leave, the duration of their leave, their classification and their department on a quarterly basis. A temporary employee who works beyond twelve (12) months shall automatically become a regular employee pursuant to Article 6.
- 626 Management will provide the Union a list of agency workers, who are working in a Union classification, on a quarterly basis.
- 627 Section 7 - Emergency Phone Calls
- 628 In the event an emergency call cannot be received by an employee, the Employer will attempt to expeditiously deliver it to the employee.
- 629 Section 8 - Job Description

630 The Employer will provide the Union with a copy of available job descriptions. Further, as job descriptions are developed or revised, the Union will be sent copies. Each employee will, at time of hire or on request, be provided a document summarizing job duties.

631 Section 9 - Technological Change

632 Employees shall be afforded job protection in situations of change due to automation or technological improvements. The Employer and the Union will carefully review the status of employees affected by such changes in order to provide suitable retraining or alternate employment whenever practicable.

700 ARTICLE 7 - REDUCTION IN FORCE AND REDUCTION OF SCHEDULED HOURS

701 In a reduction in force or reduction in hours, the principle of bargaining unit seniority within each department and classification shall govern provided merit and ability are approximately equal. The Employer agrees to give as much advance notice as possible to employees of a reduction in force.

702 Reduction in force shall be defined as the elimination of an employee's position(s) in a department or a reduction in head count in a department. Reduction from full-time to part-time or on-call status is deemed to be a reduction in force. Reduction in hours of part-time employee(s) which results in a status change to on-call or results in the loss of the Dental Plan and Kaiser Foundation Health Plan Coverage is deemed to be a reduction in force.

703 In a reduction in force, temporary, on-call and irregularly scheduled part-time employees (in that order) within the affected department and classification shall be laid off before any regular full-time or part-time employee(s) within the affected department and classification are displaced. Employees in the above status shall be laid off without bumping rights.

704 The parties agree to meet and confer regarding the displacement of any regular full-time or part-time employee prior to said employee's exercise of seniority rights. The parties will review all open bargaining unit positions in lieu of bumping rights. Should the parties agree to place the affected employee in an available open position for which he/she is qualified, then the Union agrees to waive posting and seniority for purposes of said placement. However, should the employee decline placement in an open position for which he/she is qualified that is comparable in pay, shift and job responsibility, then said employee shall have no further bumping rights and will be laid off.

705 Prior to implementing a reduction in force, the parties shall meet and confer to consider the feasibility of reducing hours of twenty to thirty-two (20-32) hour part-time employees within the affected classification and department.

706 A regular employee, full-time/part-time, whose job has been eliminated due to a reduction in force and who has not been placed by application of Paragraph 704,

may exercise bargaining unit seniority to displace the least senior regular employee within the same classification and department.

- 707 A regular employee, full-time/part-time, who is unable to retain a position within the same classification and department may exercise bargaining unit seniority to displace the least senior regular employee within the same classification and entity.
- 708 A regular employee, full-time/part-time, who is unable to retain a position within the same classification and entity, may accept any unfilled available irregularly scheduled part-time, on-call or temporary position for which they are qualified, within the same classification throughout the bargaining unit.
- 709 When a regular employee, full-time/part-time, is unable to retain a position by the application of the above paragraphs, then the employee may exercise their bargaining unit seniority to displace the least senior employee, in any classification previously held (from most recent to least recent), throughout the bargaining unit, provided the employee is qualified to perform the work of the employee he/she is displacing.
- 710 A regular employee, full-time/part-time, who is unable to retain any position by application of the above paragraphs, will be laid off.
- 711 General
- 712 Employees on layoff status with one (1) or more years of accumulated seniority at the time of layoff, will have recall rights for a period of one (1) year. Employees with less than one (1) year of seniority at the time of layoff will have recall rights for a period of time equal to their accumulated seniority when laid off.
- 713 In all cases of bumping, the displacing employee must have the ability to perform the work of the employee displaced.
- 714 The Union and the Employer will work toward locating suitable and appropriate employment for which the laid off employee is qualified.
- 715 The Employer and the Union will carefully review the status of any employees displaced by automation and/or technological change and attempt to locate suitable employment for which the employee is qualified and physically capable of performing.
- 716 In the event of a reduction in force of a regular employee, two (2) weeks notice will be given prior to layoff. If notice is not possible, two (2) weeks pay will be provided in lieu of such notice.
- 717 The Employer agrees to give as much advance notice as possible to employees of a reduction in force.
- 718 Temporary Force Reduction

719 In the event employees within a classification are not required to work a particular shift and/or area, employees will be directed not to work in order of reverse seniority and in the following order:

1. Registry/Agency Employees
2. Temporary employees.
3. Employees on Premium Hours
4. Voluntary Kaiser Time Off (VKTO)
5. On-call
6. Irregularly scheduled part-time employees.
7. Reduced Part Time to minimum hours
8. KTO

After 1 through 7 above have been applied, seniority of fifteen (15) years in the classifications of Hospital Unit Coordinator and Respiratory Care Practitioner with the Local 30 Bargaining Unit will exempt full-time/part-time (non- overtime) employees from the rotation of KTOs. Employees with less than fifteen (15) years of Bargaining Unit seniority (full-time/part-time non-overtime) that are affected by KTOs will be rotated as follows:

- A. Seniority lists will be prepared for each department and shift.
- B. The following KTOs will apply to the Hospital Unit Coordinators on a shift basis throughout the entire Department of Nursing, and to Respiratory Care Practitioners at the Hospital; rotation will be within the classification beginning with the least senior employee first.
- C. KTOs will be rotated beginning with the least senior employee on the list, proceeding upward until all employees on the list have had one (1) KTO. A KTO charge will only be made when an employee is relieved of all work.
- D. Employees who are absent or off on their KTO rotation day will remain on the rotation list until a KTO is incurred.
- E. When an error in the KTO rotation is made, the affected employee shall be deemed to have satisfied their KTO obligation for the duration of the current rotation. However, if at the time of the KTO error an alternate day is available, then the affected employee will be offered said alternate day. Should the employee work the alternate day, then he/she will be paid at their straight-time rate and such

hours will not count for computation of overtime or consecutive day pay. Further, acceptance of an alternate day will result in the affected employee being reinstated to the current KTO rotation.

- F. Overtime KTOs shall not be considered as part of the rotation system.
9. The following KTO understandings apply solely to LVNs in the hospital:
- A. Seniority lists will be prepared and maintained for each nursing unit, float zone and shift. Prior to invoking mandatory KTO, the Employer shall permit LVNs to elect voluntary KTO on a prenotification basis. LVNs who desire voluntary KTO must notify the staffing office prior to the completion of staffing for the shift in question. Employees on overtime will be subject to mandatory KTO before volunteers are accepted.
 - B. After applying items 1 through 4 above, KTO will be rotated among LVNs with less than ten (10) years of bargaining unit service, beginning with the least senior LVN on the seniority list and proceeding in order of reverse bargaining unit seniority until all LVNs on said list with less than ten (10) years of bargaining unit service have had one (1) KTO. If no LVN has less than ten (10) years of service, all LVNs shall be included in the rotation. Once an LVN has completed ten (10) years of service and is removed from the rotation list, all prior KTO occurrences will be removed from said LVN's record.
 - C. LVNs who are absent or on leave on his/her KTO rotation day will remain on the list until a KTO is incurred. If, at the completion of any six (6) calendar month period, KTOs have not been incurred by all LVNs on the seniority list because of low KTO frequency, a new KTO list will be prepared beginning with the least senior LVN.
 - D. When a KTO rotation error is made, LVNs will receive the same remedy provided to other employees as described in Paragraph 719 (5.E) above.
 - E. Overtime KTOs shall not be considered as part of the rotation system.
 - F. LVNs who receive a mandatory KTO may sign the availability list to work a replacement day, and subject to the seniority rights of other LVNs, the Employer will make every effort to assign said LVN additional work.
 - G. The Employer will maintain written records of telephone communications to LVNs affected by KTO. The records shall indicate the name of the affected LVN, the date and time of the

communication, and the purpose and outcome of the call. These records will be retained for ninety (90) calendar days. Upon request to Nursing Administration, the Union will be provided copies of these records for use in the grievance procedure.

800 ARTICLE 8 - NEW HIRES, TRANSFERS, PROMOTIONS

801 Section 1 - New Employees and Job Posting

802 The Employer agrees to advise the Union of existing vacancies in the classifications covered by this Agreement so that the Union may refer applicants for such job openings to the Employer for the Employer's consideration, it being understood that the Employer is free to hire from any source.

803 When vacancies occur in positions subject to this Agreement, the Employer agrees to post such vacancies where the vacancies occur and its related outlying facilities. All job postings shall include the department, classification, status, shift, pay grade and qualifications of the position. Notwithstanding posted requirements, the Employer shall have the right to assign any employee within a classification to any job assignment, task assignment, work location, or desk location.

804 All job vacancies shall be posted for seven (7) calendar days in a timely manner.

805 The job postings shall indicate the last day applications will be accepted within the facilities.

806 In the event a position is posted and no applicant meets the posted qualifications, the Employer may hire directly from the outside. Should the Employer elect to lower the posted qualifications, the position will be reposted. The qualifications listed on the job posting must be related to the actual duties involved in the position. The Employer will not revise current job postings for the purpose of excluding employee transfers.

807 The Employer will provide the Union with one copy of the job posting.

808 When a position is canceled or changed from full-time to part-time or visa versa, the Union shall be advised by written notice. Such notice shall include the reason for the cancellation or the Change of Status.

809 When a position under this Agreement becomes vacant and the Employer chooses either to not fill the position or to fill the position with a lower rated classification, the Employer will provide the Union with prior notification of such decision. Upon request, the Employer will meet with the Union to discuss such decision.

810 Each employee submitting an application for a new position or transfer will be considered and will be notified if denied the position and the reasons for such denial. All employees who have applied for either a transfer or a promotion shall be notified in writing within three (3) weeks after the position has been filled as to

the granting of the posted position. The employee shall be informed as to who received the position.

811 New hires will be so indicated on the listing.

812 Section 2 - New Hire Physical Examination

813 Prior to employment or during the first thirty (30) days of employment, each employee shall be given and is required to successfully complete a physical examination. Failure to satisfactorily pass the physical examination is cause for immediate discharge from employment.

814 Section 3 - Promotions and Transfer Requests

815 Employees shall be allowed to submit transfer requests by using the Employer's career website for jobs which become vacant. In filling any vacancy, all qualified employees who have submitted transfer requests within the seven (7) day posting period shall be preferred over outside applicants. All qualified employees who have submitted transfer requests after the seven (7) day posting period shall be given equal consideration with outside applicants. The employee shall retain a copy of his/her transfer request. An employee shall not be required to have his/her supervisor's signature on a transfer request.

816 Section 4 - Transfer Rights

817 Employees with more than eighteen (18) months of service shall be eligible to transfer not more than twice in eighteen (18) months. The eighteen (18) months in which a transfer opportunity occurs will be established by the original posting date.

818 Newly hired employees may not apply for transfer to another department until the employee has completed eighteen (18) months of continuous service. Newly hired full-time, part-time, and on-call employees may apply for transfer to positions within the department and after successfully completing the new hire probationary period. Exceptions may be granted by the Employer for extenuating circumstances. Employees will be awarded positions in accordance with paragraph 821.

819 Employees who transfer into positions which require special training will be required to remain in said classification for eighteen (18) continuous months before being eligible to transfer to another classification

820 If an employee bidding for a position is the most senior but needs to demonstrate a higher rate of typing speed than they have previously shown, they will be allowed to take a test to demonstrate such required rate of speed.

821 Between existing employees who have submitted transfer requests within the seven (7) day period, where two (2) or more qualified regular employees, have submitted a timely request for the same job, seniority shall prevail provided merit and ability are approximately equal. Seniority for job bidding purposes shall be defined as length of service within the bargaining unit as defined in Article 6,

Paragraph 602, except for licensed and/or technical positions in which case seniority within classification shall prevail. Employees shall receive consideration for job vacancies in the following order:

1. Regular full-time and part-time employees within classification assigned to the department where the job vacancy exists.
2. Regular full-time and part-time employees outside of the classification assigned to the department where the job vacancy exists.
3. Regular full-time and part-time employees in all other departments, within the bargaining unit.
4. Irregularly scheduled part-time employees within classification assigned to the department in which the vacancy exists.
5. Irregularly scheduled part-time employees in all other departments within the bargaining unit.
6. On-call employees within classification in any department or entity shall submit transfers for vacancies and, if determined to meet position qualifications, shall be accepted into such vacancies, after regular full-time, part-time and irregularly scheduled part-time employees within the bargaining unit have received consideration. When two (2) or more on-call employees apply for the same vacancy, the on-call employee with the greater seniority based on total hours shall receive preferential consideration.

822 Notwithstanding the above, the criteria for selection of a Senior will include merit and ability. Merit may be determined based upon such factors as performance evaluations, recognition and awards, applicable training and education, special projects and accomplishments, discipline and counseling in file, previous job experience and other leadership experiences. Ability may be determined based upon such factors as interpersonal skills, communication skills, other applicable skills, leadership ability, team skills and ability to teach and/or mentor. Where two or more employees are considered for a Senior position, and where the merit and ability of a less senior employee exceed that of a more senior employee, a Union Business Representative will be asked to participate in the selection of the Senior

823 In extenuating circumstances, the Employer agrees to give strong consideration to an employee's request for transfer even though disciplinary action is present in the employee's personnel file.

824 Section 5 - Transfer Evaluation Period

825 When a full-time, part-time or on-call employee transfers, said employee shall undergo a one-hundred and twenty (120) calendar day transfer evaluation in the new position. In extenuating circumstances, the parties agree to meet and confer, on a case by case basis, and set appropriate time limits for a transfer evaluation

period. If, in the judgment of the Employer, the employee fails to qualify for the new position at any time during the transfer evaluation period, the employee will be returned to his/her former classification and position, or to a comparable position, without loss of seniority including the employee's former placement in the wage structure. Employees displaced by said return will return to their former or comparable position. An employee may elect to return to his or her former classification and position, or a comparable position, within fourteen (14) workdays from date of transfer or fourteen (14) workdays from the conclusion of a training/orientation period which will not normally exceed fourteen (14) workdays, without loss of seniority at the same placement in the wage structure.

826 In unusual circumstances involving extensive training, the parties agree to waive the above one hundred and twenty (120) calendar day Employer evaluation period and the fourteen (14) workday employee option to return to their former position. In such circumstances, the parties agree to meet and confer on a case by case basis and set appropriate time limits. Further, should an employee's training/orientation period exceed four (4) months, then for this language to apply, said employee must request return to his/her former position no later than on conclusion of one-half (½) of said training/orientation period.

827 Section 6 - Internal Career Advancement

828 The Union and the Employer agree that offering and promoting educational and training opportunities can prove to be a benefit to both the employee and the Employer. There is also agreement that the availability of appropriate training which enhances career mobility and provides avenues for employee growth and development is desirable for both parties. 1200 ARTICLE 12 - HOURS OF WORK AND OVERTIME AND ADDITIONAL HOURS

1201 Section 1 - Normal Workweek

1202 This Article is intended to define the normal hours of work and shall not be construed as a guarantee of hours of work per day or per week, or of days of work per week. Forty (40) hours, consisting of five (5) consecutive eight (8) hour days

shall constitute a normal workweek. A regular days work shall consist of eight (8) hours within nine (9) consecutive hours with not more than one (1) hour unpaid lunch.

1. A workday is defined as the twenty-four (24) hour period from midnight to midnight.
2. A workweek shall consist of seven (7) day period beginning at Sunday, 12:01 a.m. or Monday, 12:01 a.m., or at the shift change hour nearest that time.
3. A payroll period shall consist of the two (2) consecutive workweeks preceding payday.
4. A shift shall be defined as a designated and scheduled period of work.

1203 A minimum of two (2) hours must be worked for the day to count as a day worked for the purposes of computing Seventh (7th) day consecutive day premium pay.

1204 Section 2 - Overtime

1205 All hours in excess of eight (8) hours in one (1) workday or in excess of forty (40) hours in one (1) scheduled workweek shall be paid for at the overtime rate of one and one-half (1 ½) times the straight time hourly rate.

1206 The Employer shall pay one and one-half (1 ½) times the straight time hourly rate for all hours worked over eight (8) and two (2) times the straight time hourly rate for all hours worked over twelve (12) in one (1) shift. 1208 In the event a regular employee, who is normally scheduled with every other weekend off, works a second consecutive weekend, such employee shall receive time and one-half (1 ½) their regular rate of pay for all hours worked on the second consecutive weekend, and alternating consecutive weekends thereafter, except when such schedule results from the request of the employee. This provision shall not apply to an employee who works a regular weekend schedule and shall not apply to an employee who has a regular schedule which provides for either every Saturday or every Sunday off.

1209 Section 3 - Part-time Additional Hours

1210 When additional regular part-time hours become available, the Employer may, subject to efficiency of operations, offer such hours not to exceed eight (8) hours per day and forty (40) hours per week, based on the employee's seniority and

ability to perform the work. These hours will be offered to part-time employees by bargaining unit seniority who are regularly assigned to the department and classification where the additional hours occur in the following order:

1. Part-time employees assigned to the same shift.
2. Part-time employees assigned to other shifts, provided said assignment does not result in overtime.
3. Irregularly scheduled part-time employees assigned to the same shift.
4. Irregularly scheduled part-time employees assigned to other shifts, provided said assignment does not result in overtime.
5. The Employer will give consideration to employees who request to work additional hours in another department or entity. Employees who desire to be considered for additional hours in another department or entity must provide written notification to that department's supervisor. Each department supervisor will maintain a list of employees, outside their department, who have provided such written notification. When employees, who have provided written notification, work additional hours outside their department, such hours will not count for computation of premium pay, except for hours worked in excess of eight (8) hours in one (1) day and hours worked in excess of forty (40) hours in one (1) week. However, if the Employer requests or assigns an employee to work additional hours outside their department, and the employee has not provided written notification requesting additional hours, all overtime and premium pay pursuant to this Agreement shall apply. Hours worked in another department shall not count for purposes of converting to Irregularly Scheduled Part-time status. However, once an employee achieves the status of Irregularly Scheduled Part-time, then hours worked in other departments will count toward the employee's maintenance of such status.
6. In the event no part-time employee volunteers for said additional hours, the Employer may assign said hours to the least senior part-time employee.
7. It is understood that hours worked at the request of the employee outside of their department will not apply to Article 6, Section 3, Paragraphs 608 and 609.

1211 Section 4 Part-time and On-Call Additional Temporary Hours

1. When additional temporary hours are available, in a department, they should be offered by Bargaining Unit seniority as defined in Article 6, Paragraph 602, by classification to part-time employees first, irregularly scheduled part-time second, then On-call employees. Any hours that are still available, after these categories are utilized within the department, may then be offered to employees outside the department in accordance with Article 12, Section 4.

2. In the event neither class of employees accept the work offer, the Employer may, to ensure orderly operation of the facility, assign the work to either full-time, part-time or irregularly scheduled part-time employees on a rotational basis by reverse seniority within the department.
 3. The Employer shall schedule additional work in accordance with Article 8, Section 9. In the event the Employer is unable to fill the additional hours, or it is not feasible to comply with Article 8, Section 9, such hours will be considered overtime.
- 1212 Overtime and non-scheduled standby time will be rotated within the department and classification equitably and shall be offered by seniority, by department and classification. For those departments with designated worksites, overtime will be rotated within those worksites and classification equitably and shall be offered by seniority. Hours shall be awarded to employees who will receive overtime pay prior to those who are entitled to double time rate. Employees returning from a leave of absence will be placed on the standby list in seniority order.
- 1213 An employee who desires to be considered for rotation of overtime should so notify the supervisor in writing.
- 1214 If no employee accepts the offer, the Employer shall assign the overtime or standby time on a rotational basis by reverse seniority.
- 1215 Section 5 - Duplication of Overtime
- 1216 Payment of overtime and premium rates shall not be duplicated for the same hours worked under any of the terms of this Agreement; and to the extent that hours are compensated for at overtime or premium rates under one provision, they shall not be counted as hours worked in determining overtime or premium payments under the same or any other provisions. Where two or more overtime or premium rates apply to the same hours, the greater shall prevail.
- 1217 Section 6 - Seventh Day Worked
- 1218 All work performed on the seventh (7th) consecutive day of the workweek shall be paid at the rate of two (2) times the straight time hourly rate, except when such schedule results from the written request of the employee.
- 1219 Section 7 - Scheduling
- 1220 The Employer will exercise its efforts in good faith, subject to the requirements of efficient operations, to the end that employees will be scheduled on a basis of a normal workweek of forty (40) hours within five (5) consecutive eight (8) hour days, followed by two (2) consecutive days of rest.

- 1221 The Employer will make every effort to work with employees in their department to develop and implement a work schedule which meets the needs of the department and the employees.
- 1222 In departments where the employees' desire to have every other weekend off scheduling, the Employer will make every effort to implement every other weekend off.
- 1223 Weekend shall mean Saturday and Sunday, except in the case of the night shift, which shall mean Friday and Saturday.
- 1224 In departments where every other weekend off scheduling is not in effect, the Employer will make every effort to schedule employees with two (2) consecutive days off except where employees have requested and been granted work schedules which preclude consecutive days off.
- 1225 The Employer will make a good faith effort to schedule employees with a minimum of a twenty-four (24) hour break between their last hour of work on their old shift and their first hour of work on their new shift, when permanently transferring from one shift to another shift or one facility to another facility.
- 1226 In all cases, except those cases of emergency, should it be necessary in the interest of efficient and economical operations to establish schedules departing from the normal workweek, the Employer and the Union, at the request of either, shall confer to determine whether, based upon the facts of the situation, mutually satisfactory modified schedules can be arranged, but the final right to arrange working schedules rests with the Employer in order to avoid adversely affecting operations.
1. Work schedules at all facilities shall remain posted four (4) weeks in advance in a visible place of ready access to all departmental employees and will be maintained on a weekly basis. This will include locations and shifts.
 2. Schedule changes will be posted by Thursday of the week preceding the schedule change, except for emergencies.
 3. The Employer will attempt to notify an employee of any schedule changes a minimum of twenty-four (24) hours before such change is to occur. However, failure to contact the employee will not result in penalty to either party.
- 1227 When scheduling employees, the Employer will make every effort to assign hours by bargaining unit seniority in the following order:
1. Full-time employees scheduled a minimum of forty (40) hours.
 2. Thirty-two (32) hour part-time employees scheduled a minimum of thirty-two (32) hours.

3. Twenty to thirty-two (20-32) hour part-time employees scheduled up to twenty (20) hours.
4. Twenty to thirty-two (20-32) hour part-time employees scheduled up to thirty-two (32) hours.

8. Irregularly Scheduled Part-time employees scheduled to a maximum of forty (40) hours.
9. On-call employees scheduled additional hours.

1228 Section 10 - Shift Assignments

1229 In the event the Employer changes employees' shift assignments, consideration will be given to the desires of the affected employees. If there is no mutual agreement, changes will be made in reverse order of seniority provided that merit and ability are adequate as to the Employer's staffing requirements.

1230 Section 9 - Rest Periods

1231 Each employee is allowed a rest period during each continuous four (4) hours of work as close as possible to the mid-point of the period. If continuous operation is required on the job concerned, a substitute will be provided by the supervisor for the rest period. In no case shall a rest period exceed fifteen (15) minutes in length. In the unusual circumstances where an employee is unable to take time off for a rest period, the employee may request and receive the time equivalent to such rest period at the next scheduled lunch period that day or later in the shift. Such rescheduling within the shift shall be at the Employer's option.

1232 An employee may voluntarily combine his/her meal and break period, meaning the rest periods of fifteen (15) minutes each may be combined with the lunch break of one half hour, in those departments where conditions permit and meet operational needs. Should the State of California revoke or fail to renew the exemption to allow the combination of meal/rest periods, employees will no longer be permitted to combine meals and rest periods.

1233 Section 10 - Notice of Intended Absence

1234 Employees who are required to be absent from work for any reason will provide their immediate supervisor or her/his designated representative with reasonable notice of such intended absence and the reasons therefore. Except for an emergency, such notice must be provided to said supervisor immediately following the employee's knowledge of the need for such absence, but no later than the Thursday of the week preceding the day(s) of absence.

1235 Section 11 - Voluntary Alternative Work Schedules

1236 In the event the parties agree that such schedules are feasible and desirable, they may be implemented in agreed upon departments.

1237 Section 12 - Flexible Schedules

1238 The parties agree that an employee(s) written request for flexible schedules will be jointly reviewed to determine the feasibility of implementation. However, the Employer maintains the sole right to discontinue such schedules where efficiency of operations or effective patient care is impeded and/or a negative economic condition evolves.

1239 Section 13 - Changing Clothing

1240 Employees will be given reasonable time to change clothing when required by the Employer.

1241 Section 14 - Selection of Floating

1243 The Union and Employer agree that where there is a need for floating to other worksite locations, all qualified employees will be solicited on a voluntary basis first by seniority. Where there is no volunteer, assignment will be made by inverse seniority, where the employee has the skill and ability to perform the job and would have the least impact on patient care.

In departments with designated work sites (i.e. zones, quadrants, 1:1 model), the Employer will float the least senior employee from the facility that would have the least impact on patient care.

1408 All designated holidays will be paid on the actual calendar day they fall, and all conditions and benefits applying to such a designated holiday will be in effect on that calendar day.

1409 In five (5) day, Monday through Friday departments, if the designated holiday falls on a Saturday and the department/location is normally closed on Saturday, the designated holiday will be observed on the preceding Friday for purposes of having the designated holiday off. Further, if the designated holiday falls on Sunday and the department/location is normally closed on Sunday, the following Monday will be the observed holiday for purposes of a holiday off. The observed holiday is not the actual calendar holiday and will not be subject to holiday worked premium should the employee work.

1410 In seven (7) day departments, designated holidays will be observed and paid either worked or unworked on the calendar day on which the holiday falls.

1411 Pay for part-time employees for unworked designated holidays shall be at the rate of ten percent (10%) of all straight time hours paid in previous pay period

1412 Section 2 - Designated Holiday Premiums

1413 Regular employees working on designated holidays shall be paid at the overtime rate of one and one-half (1½) times their regular rate of pay in addition to their regular rate of pay. Employees may request the option of being paid one and one-half (1½) times the appropriate regular rate of pay with a compensatory day off to be taken within a thirty (30) day period before or after a holiday at the straight time rate of pay. If the requested compensatory day off is not granted, the employee will be paid at the straight time rate of pay for the day. If a regular employee's day off falls on a designated holiday, she/he shall receive an additional day off within

one (1) month with no deduction in pay or the holiday pay. Employees shall not receive their shift differential for unworked paid designated holidays.

1414 No holiday allowance shall be paid to an employee who is scheduled to work on a designated holiday and fails to do so, except for personal illness, death in the family, or similar good cause.

1415 On-call and temporary employees working on a designated holiday shall be paid at the premium rate of one and one-half (1 ½) times their regular rate of pay for all hours worked.

1416 Section 3 - Exceptions

1417 The provisions of this Article shall not accrue to the benefit of an employee on leave of absence or layoff, except that an employee absent from work due to illness or injury shall be entitled to holiday benefits for a designated holiday occurring during a period of illness in which she/he is entitled to Vacation, a Life Balance Day or Sick Leave.

1418 To be eligible for designated holiday benefits, an employee must also have worked both her/his last scheduled shift prior to and the next scheduled shift following such holiday, except that this requirement will not apply if the employee's absence is authorized by the Employer from said shifts due to bona fide illness. The Employer may require that such illness be certified.

1419 If an employee is absent on Vacation, a Life Balance Day or Sick Leave and a designated holiday occurs during such absence, if she/he is eligible for holiday pay, such pay shall be charged to the designated holiday and not against the employee's Vacation or Life Balance Days Account or Sick Leave Bank.

1420 Section 4 - Overtime

1421 Designated holidays paid for but not worked shall not count as time worked for the purposes of computing weekly overtime.

1422 When a payday falls on a designated holiday, employees shall be paid on the last workday immediately preceding the holiday.

1423 Section 5 - Work/Life Balance Time Off Eligibility Date

1424 The Work/Life Balance Time Off eligibility date determines the employee's accrual rate and is their date of hire, unless it is adjusted for unpaid leaves of absence or for the period of time the employee worked in an ineligible status.

1425 The Work/Life Balance Time Off eligibility date shall mean that period of continuous employment with the Employer, less any absence from employment which exceeds sixty (60) days. Leaves of absence of sixty-one (61) days or more will be deducted in their entirety from the eligibility date. The Work/ Life Balance

Time Off eligibility date shall not be adjusted during the period of a leave of absence due to industrial illness or injury.

1426 Section 6 - Vacation Account

1440 Section 11 - Vacation at Termination or Retirement

1441 An employee who terminates employment or retires will receive payment for all accrued and unused vacation at the base hourly wage rate the employee is receiving on that date.

1442 Section 12 - Designated Holiday During Vacation Period

1443 If a paid designated holiday occurs during an employee's vacation period, that day shall not be chargeable against accrued vacation. If an additional day's vacation is taken because of said holiday, it shall be taken so as to run concurrently with vacation.

1444 Section 13 - Minimum Vacation Period

1445 After posting of the approved vacation schedule, employees may request to take vacation in increments of less than five (5) working days. Such requests will not be unreasonably denied to part-time or full-time employees. In the event an employee's requests to take vacation are continually denied, the parties shall meet upon the Union's request to determine an appropriate solution.

1446 In addition, employees will be required to submit such requests at least four (4) weeks in advance; and the Supervisor shall respond within seven (7) working days. The final right to grant such requests is reserved by the Employer subject to the orderly operations of the facility. Where extenuating circumstances exist, the Employer may waive the four (4) weeks written notice requirement.

1447 Section 14 - Vacation Advance Pay

1448 Vacation pay shall be at the rate the employee is receiving on the date she/he takes her/his vacation. An employee may receive an advance vacation paycheck prior to going on scheduled vacation, provided she/he notifies the Employer in writing at least fourteen (14) days in advance of her/his scheduled vacation period.

1449 Section 15 - Vacation Scheduling

1450 Full-time and part-time employees will select and schedule Vacation in accordance with the following procedures:

1. Vacation will be selected and scheduled by facility and/or department, or unit, or shift, in accordance with seniority. Seniority, for Vacation selection and scheduling, will be defined as follows:

- A. Bargaining Unit.

- B. If two (2) or more individuals have the same bargaining unit seniority date, then the continuous service date will determine Vacation selection.
 - C. If two (2) or more individuals have the same bargaining unit seniority and continuous service dates, then the individuals will select Vacation in alphabetical order.
2. During the month of January, Vacation Planning Schedules, for the purpose of Vacation selection, will be prepared listing employees in descending order of seniority. The schedule will run for one (1) calendar year from April 1st to March 31st. In addition, the Vacation Planning Schedule will indicate the number of persons allowed to take Vacation concurrently. Sufficient time will be made available to allow employees to schedule their annual Vacation.
 3. During the month of February, employees may select Vacation in seniority order as listed on the Vacation Planning Schedule. For employees choosing to split their Vacation period into three (3) or more increments, seniority will only apply on the first and second choice of Vacation increments in each year. Final right to allocate or change Vacation rests with the Employer in order to ensure the orderly operation of the facility. The Schedule will be completed prior to March 1st to allow for staff planning.
 4. Employees may schedule Vacation to a maximum of their annual anticipated accrual at the time of vacation scheduling.
 5. Employees may elect not to select Vacation during the month of February and may make an unscheduled Vacation request at any time. However, unscheduled Vacation periods will be restricted to open dates not previously filled by scheduled Vacation periods or approved leaves of absence. In addition, employees will be required to submit an unscheduled Vacation request at least four (4) weeks in advance; and, such requests shall be granted on the basis of date of earliest submission. The Supervisor shall respond within seven (7) working days.

The Supervisor shall respond within seven (7) working days.
 7. Employees transferring from one department, unit or shift to another department, unit or shift will be required to select Vacation in accordance with the Vacation Planning Schedule in effect for the new department, unit or shift. Further, employees will be restricted to open dates not previously

filled by scheduled Vacation periods or approved leaves of absence, exception may be granted in extenuating circumstances.

8. Employees wanting to cancel scheduled Vacation or approved leaves of absence must give notice in writing no later than four (4) weeks prior to start of Vacation or leave.
9. Approved Vacation schedules will be posted on or before April 1st. The Employer will schedule, when possible, the employee's day off in such a way that they are attached to the employee's Vacation period.

1451 Insofar as practicable, Vacation shall be granted at the time desired by the employee. However, when efficient operation of the facility does not permit granting the Vacation request, the Employer retains the final right to schedule Vacation.

1452 Section 16 - Sick Leave Bank and Income/Extended Income Protection Plan

1453 Sick Leave shall be granted to an employee who becomes ill or injured. Sick Leave shall commence with the first (1st) day of any illness or injury. Certification may be required whenever it appears justified.

1454 Sick Leave hours will be earned on the basis of ten (10) hours per month for each calendar month of employment. Part-time employees shall accrue Sick Leave hours at the rate of ten (10) hours per month prorated based on hours paid (up to a maximum of eighty (80) hours) in the preceding two (2) pay periods. Sick Leave accrual is unlimited.

1455 An employee is entitled to Sick Leave with pay immediately for illness, hospitalization, injury and medical appointments.

1456 Sick Leave time off for which pay is received shall not be considered an interruption of continuous service.

1457 Part-time employees shall receive Sick Leave pay for time taken off on a scheduled day based on their hours that day.

1458 Sick Leave shall not be considered as time worked for computing overtime.

1459 Sick Leave pay shall not include regular shift differential for employees.

1460 Certification by a physician or other member of the Employer's staff duly authorized by the Employer may be required whenever it appears to be justified.

1461 Section 17 - Sick Leave Bank at Termination or Retirement

1462 Employees with a Sick Leave Bank of two hundred fifty (250) or more hours at the time of termination or retirement will have all unused hours in their Sick Leave

Bank converted to Credited Service for Basic Pension Plan calculation purposes, provided they are vested in the Pension Plan.

1463 Section 18 - Disability Benefits - Income Protection and Extended Income Protection

1464 Employees scheduled to work twenty (20) or more hours per week will be provided with an Income Protection or Extended Income Protection Plan.

1465 The benefit amount will be equal to either fifty (50%) percent of base wages, sixty (60%) percent if integrated with a statutory plan (i.e., State Disability Insurance (SDI), Workers' Compensation, etc.), or seventy (70%) percent if the employee is on an approved rehabilitation program. If the employee is part-time, the benefits will be prorated according to the employee's scheduled hours. The minimum integrated benefit (prorated for part-time employees) provided by the program during the first (1st) year of disability will not be less than one-thousand (\$1,000.00) dollars per month.

1466 Eligibility

1467 Eligibility for Income Protection or Extended Income Protection is based on length of service.

1468 Income Protection Benefit

1469 This benefit is provided to employees with less than two (2) years of service. Employees will receive a benefit commencing at the later of exhaustion of Sick Leave or according to SDI guidelines (i.e., the first (1st) day of hospitalization, eighth (8th) day of illness/injury), and will continue for up to one (1) year from the date of disability with continued medical certification.

1470 Extended Income Protection Benefit

1471 This benefit is provided to employees with two (2) or more years of service. Employees will receive a benefit commencing at the later of exhaustion of Sick Leave or three (3) months from the date of disability and will continue for up to five (5) years from the date of disability with continued medical certification. Benefits due to psychological related disabilities and alcohol/drug abuse are limited to a maximum of three (3) years from the date of disability. The Duration of Benefits Schedule will apply to employees age sixty (60) or over who become disabled while eligible for this program.

1472 Section 19 - Integration of Compensation Benefits and Sick Leave

1473 If an employee is eligible for basic State Disability Insurance (SDI), Employer-paid Sick Leave shall be reduced by the amount of the SDI benefit the employee is eligible to receive, so that combined SDI pay and Sick Leave pay totals normal straight time salary. The reduced amount of Sick Leave payment shall then be charged against the employee's accrued Sick Leave. If an employee is eligible for

Workers' Compensation Insurance payments, the same method of integration with Employer-paid Sick Leave shall apply. Employees may elect to waive integrated Sick Leave benefits with Workers' Compensation Insurance payments, provided said election is made within seven (7) calendar days of the inception of the absence, and provided further that said election shall be irrevocable for the duration of said absence. Should the employee fail to elect nonintegration within said seven (7) calendar day period, the option of nonintegration will not be available. In the payment to employees on Sick Leave, disability or Workers' Compensation, the Employer will deduct taxes in accordance with Federal and State laws.

1474 It is the employee's responsibility to promptly file claims for any compensation benefits for which he/she may be eligible and to report the amount of such benefits to the Area Personnel Office.

1475 Sick Leave may be used for medical, dental or optical appointments. In order to provide for continuity of operations, the employee is required to provide notice to their supervisor of non-emergency medical, dental or optical appointments immediately following the scheduling of said appointment but no later than seven (7) calendar days notice prior to the scheduled appointment.

It is understood that the practice of employees being permitted to seek and receive medical care for work related injury or sudden onset of illness or Employer required medical exams during working hours shall continue without loss in pay or use of Sick Leave. Employees will make every effort to schedule medical, dental and optical appointments at times when they are not scheduled to work.

1476 Coverages, limitations and exclusions of the foregoing Income and Extended Income Protection Plans are established and controlled by the Employer's agreements with the respective insurance carriers, plan documents, and summary plan descriptions.

1500 ARTICLE 15 - LEAVES OF ABSENCE

1501 Section 1 - Eligibility

1502 Leaves of absence without pay may be granted to full-time, part-time and on-call employees provided the reasons are compelling and there are no adverse scheduling problems. Each employee must have at least six (6) months of continuous service in order to be considered eligible for a Medical or Personal Leave of Absence without pay. However, in the case of disabilities related to pregnancy, the six (6) month eligibility requirement is waived for the purposes of the Medical Leave of Absence.

1503 All leaves of absence shall be requested in writing on a form provided by the Employer; and, employees shall be provided a copy of such form with the determination stated thereon. Leaves of absence requested within the current posted schedule will be approved or denied not later than seven (7) work days after such request is provided with a written explanation of his/her rights and

responsibilities. Two (2) weeks written notification must be given to the Employer prior to the employee returning to work from all leaves of absence. The employee shall return to their former position or an equivalent position at their current rate of pay.

1504 Section 2 - Medical Leaves

1505 Upon the exhaustion of Sick Leave, Medical Leaves of Absence without pay for non-occupational disabilities, including conditions related to pregnancy shall be granted subject to the eligibility requirements, provided the employee furnishes a physician's certification setting forth the necessity for such a leave and the anticipated duration of disability. Physician recertification will be required at the expiration of each previous certification for continued eligibility.

1506 Employees with less than three (3) years of service shall not be granted a Medical Leave of Absence in excess of ninety (90) days. Employees with three (3) or more years of service shall not be granted a Medical Leave of Absence in excess of three hundred sixty-five (365) days.

1507 If an employee takes a medical leave of absence, returns to work and returns to a medical leave of absence status within ninety (90) days, the leave is treated as one continuous leave subject to the maximum limit.

1508 If an employee takes a medical leave of absence, returns to work for a period of at least ninety (90) days, then returns to medical leave of absence status, the leave is treated as a new leave of absence subject to the maximum limit.

1509 Employees may request, and the Employer may grant extensions to the maximum period of Medical Leave of Absence. Such extensions may be granted at the discretion of the Employer.

1510 Section 3 - Occupational Injury or Illness Leave

1511 Commencing on the first day of employment, for those absences covered by Workers' Compensation, employees will be eligible for an Occupational Injury or Illness Leave of Absence. Such leaves shall be continuous, provided the employee furnishes a physician's certification, until the employee is released by the attending physician.

1512 The Employer will place employees released to return to work from an Occupational Injury or Illness Leave, without medical restrictions, in their former position or equivalent at their current rate of pay as soon as reasonable, not to exceed seven (7) days; provided, the employee has given two (2) weeks notice of his/her return to work.

1513 The Employer will place employees released to return to work from an Occupational Injury or Illness Leave, with temporary medical restrictions, in their former position or equivalent, provided the employee can perform substantially all the job tasks per the medical restrictions or in an appropriate job opening on a

preferential basis at their current rate of pay, provided reasonable accommodations can be made.

- 1514 The Employer will place employees released to return to work from an Occupational Injury or Illness Leave, with permanent medical restrictions, in their former position or equivalent, provided the employee is physically capable of performing substantially all the job tasks per the medical restrictions and limitations. If the employee is unable to perform their former job, that employee has the opportunity to bid on any vacancy that he/she is physically capable of and qualified to perform per their medical restrictions and limitations. Where there is no appropriate job, the Employer will provide all reasonable and necessary vocational/rehabilitation training program benefits as approved by the Division of Industrial Accidents/Workers' Compensation Appeals Board pursuant to the administration of the California Labor Code.
- 1515 Employees will be provided Occupational Injury and Illness Leave for up to a maximum of two (2) years. An employee who exhausts the two (2) year Occupational Injury or Illness Leave of Absence and has not returned to work shall be terminated. The Occupational Injury or Illness Leave will expire in less than two (2) years if the employee is no longer disabled and can perform his or her predisability job with or without reasonable accommodations; or if there is uncontroverted medical evidence that the employee is permanently disabled and cannot perform his or her predisability job with or without reasonable accommodation; or ninety (90) days after an Award by the Workers' Compensation Appeals Board indicating that the employee is permanently disabled and cannot perform his or her predisability job with or without reasonable accommodation.
- 1516 Employees on Industrial Leave of Absence who have completed applicable vocational/rehabilitation training may bid on open/posted positions, for which they are qualified, before applications are accepted from new employees. However, none of the above is intended to modify the terms of Paragraph 1513.
- 1517 Employees who do not enter a vocational/rehabilitation program, may qualify for acceptance into the Employer's current "Modified Duty Program." Such acceptance is based on available openings and the employees possessing any applicable minimum qualifications and a recommendation from the Employee Health Physician and Human Resources.
- 1518 Upon release by the attending physician from an Occupational Injury or Illness Leave, the Employer may request that the employee provide a return-to-work authorization containing the name of the physician, signature, clarification of disability sufficient to allow the Employer to make an appropriate determination of jobs the employee can perform, if any, and date release to return to work.
- 1519 Section 4 - Personal Leaves
- 1520 Personal Leaves of Absence, without pay, may be granted for justifiable reasons, subject to the eligibility requirements, for a period up to a maximum of thirty (30) days per paragraph 1502.

However, such extensions shall be granted at the discretion of the Employer and shall not exceed thirty (30) calendar days.

1522 Section 5 - Family Leave

1523 The Employer will comply with the provisions of the California Family Rights Act, as amended, and with the provisions of the Federal Family and Medical Leave Act of 1993, as amended. Any alleged violations of this Paragraph must be pursued under the procedures of those acts.

1524 Leaves for the situations which are covered by the Family Leave and other contractual leave provisions will be considered to run concurrently when determining the maximum duration for both types of leave.

1525 Benefits While on Family Leave of Absence

1526 Premiums for continued Health Plan Coverage (including Mental Health benefit and prescription drugs), Dental Plan and Employer- paid Group Life Insurance Coverage will be paid by the Employer during an approved Family Leave of Absence. Following such leave the employee shall be returned to his/her former position and shift at his/her current rate of pay and shall not suffer a loss of seniority and shall continue to accrue seniority during such leave of absence. This provision shall not preclude the employee taking accrued Vacation in conjunction with this leave.

Part-time employees in eligible classifications (per paragraph 1532) are eligible for leave on a prorated basis after completion of one (1) year of service. Unused education leave shall be cumulative from anniversary date to anniversary date up to a maximum of six (6) days for full-time employees and prorated equivalent for part-time employees. Education leave may be utilized on other than scheduled work days, and shall not count toward weekly overtime.

1534 Request for such leave as well as requests to attend other education programs in the community should be submitted to local management sufficiently in advance of the program to enable scheduling for the employee's absence. In the event such scheduling cannot be accommodated, the employee shall be advised in a timely manner. Consistent with the purpose set forth above, final approval for attendance must be obtained from local management.

1535 The Employer shall exercise reasonable efforts to schedule in- service education programs at times convenient for all shifts. (Employees shall not lose pay as a result of in-service training.)

1536 The parties agree that in those instances where CEU courses are not offered at a full-time employee's medical center and when said employees are continually denied the use of education leave (as defined in Paragraph 1533) due to their scheduled hours at work, then reimbursement for accredited home study courses that offer applicable CEUs can be achieved in the following manner:

A full-time employee may utilize up to two (2) days of his/her accrued education leave per year to pay for home study courses. Such courses must provide CEUs required to maintain a license or certificate issued by the State of California that is either necessary for an employee's current job and/or for CEUs required for relicensure or recertification of said State issued document.

Requests for such education leave pay must be submitted, in writing, to the employee's supervisor at least two (2) weeks in advance of taking such course(s) to ensure that it meets the criteria for payment.

The parties agree that home study courses will not require the scheduling of a qualifying employee off work.

One (1) hour pay for each CEU earned up to a maximum of sixteen (16) hours per year.

- 2508 Section 2 - Step One
- 2509 All grievances, except those involving discharge or layoff, shall be initiated at Step One. An employee shall initiate his or her grievance by filing same through the Union. The Union shall present the written grievance to the Department Administrator for the department/entity involved, and such written grievance shall contain the reasons for the grievance and indicate the portion of the Collective Bargaining Agreement which has been violated. The Department Administrator or her/his designee shall give her/his written answer to the Union Steward and Union Business Representative within ten (10) working days after the grievance hearing. The parties at this step may, through mutual agreement, waive this step of the grievance procedure in which case it will be appealed, in writing, by the Union to the next step of the grievance procedure should the Union wish to pursue the matter.
- 2510 Section 3 - Step Two
- 2511 In order for a grievance to be considered further, the Union through its designated representative shall appeal the grievance with the appropriate Human Resources Consultant, within ten (10) workdays after receipt of the Step One response. The Human Resources Consultant shall give her/his written answer to the Union Business Representative within fifteen (15) workdays after the Step Two hearing

is completed. The parties at this step may, through mutual written agreement, waive this step of the grievance procedure in which case it will be appealed, in writing, by the Union to the next step of the grievance procedure should the Union wish to pursue the matter.

2512 Section 4 - Step Three

2513 In order for a grievance to be considered further, an appeal shall be filed in writing by certified mail with the Senior Labor Relations Representative within ten (10) workdays. Within fifteen (15) workdays of the certified receipt of such appeal, communication shall occur, between the parties, to schedule said meeting with the Senior Labor Relations Representative and the Union. Within twenty (20) workdays after such meeting, the Senior Labor Relations Representative shall respond to the Union in writing by certified mail.

2514 Section 5 - Step Four - Arbitration

2515 In the event the grievance remains unresolved, the grieving party, through the Union Business Representative, may appeal the grievance to arbitration. Written notice of such appeal must be sent by certified mail to the Manager of Labor Relations/or designee within fifteen (15) workdays after receipt of the Step Three response. No grievance shall be appealed to arbitration without first being processed through the appropriate steps of the Grievance Procedure.

2516 An impartial Arbitrator shall be selected by mutual agreement of the parties. In the event mutual agreement is not reached, the party appealing the grievance to arbitration shall request a panel of arbitrators from the Federal Mediation and Conciliation Service. Upon receipt of said panel, the parties will select an arbitrator by alternately striking names.

2517 The Arbitrator shall be prohibited from adding to, modifying or subtracting from the terms of this Agreement or any supplemental written agreement of the parties. Further, it shall not be within the jurisdiction of the Arbitrator to change any existing wage rate or establish a new wage rate. However, grievances involving reclassification are within the scope of the Arbitrator; the decision of the Arbitrator, however, is limited to change in the classification of a position with accompanying wage schedule.

2518 The award of the Arbitrator shall be final and binding on both parties. Each party shall pay one half (½) the cost of the arbitration proceedings and each party shall be responsible for the cost of its own representatives and witnesses. There shall be no interruptions of work by the Employer or employee(s) pending an Arbitrator's award.

2519 Section 6 - Mediation Procedure

2520 The parties agree to the utilization, for selected grievances, of the following mediation procedure. Such process should occur following the Employer's Step Three response and prior to Union submission to arbitration.

1. A grievance may only be referred to mediation by mutual agreement of the parties following a timely appeal to arbitration.
2. The mediator shall be selected by mutual agreement of the parties. The mediator shall serve for a one-day session and is thereafter subject to removal by either party. In the event the parties are unable to agree upon the selection of a mediator, this mediation procedure shall not be effective. The parties may select more than one mediator to serve in future sessions, and if such is done, the mediators will rotate one-day assignments, unless removed.
3. The expense and fees of the mediator shall be shared equally by the parties.
4. Attendance at mediation sessions shall be limited to the following:

UNION	Business Agent Grievant
EMPLOYER:	Labor Relations Representative Human Resources Representative
OBSERVERS:	Either party may invite observers limited to a reasonable number who shall not participate in the mediation process.
5. Neither attorneys nor court reporters nor any other type of note takers shall be allowed to be present at the proceedings.
6. The mediation proceedings shall be entirely informal in nature. The relevant facts shall be elicited in a narrative fashion by each party's spokesperson to the extent possible, rather than through the examination of witnesses. The rules of evidence will not apply, and no record of the proceedings will be made.
7. Either party may present documentary evidence to the mediator, which shall be returned to the parties at the conclusion of the proceedings.
8. The primary effort of the mediator should be to assist the parties in settling the grievance in a mutually satisfactory manner. In attempting to achieve a settlement, the mediator is free to use all of the techniques customarily associated with mediation, including private conferences with only one party.
9. If settlement is not achievable, the mediator will provide the parties with an immediate opinion, based on the Collective Bargaining Agreement, as to how the grievance would be decided if it went to arbitration. Said opinion

would not be final and binding but would be advisory. The mediator's opinion shall be given orally together with a statement of reasons for such.

10. The mediator's verbal opinion shall be given strong consideration and should be used as a basis for further settlement discussion, or for withdrawal or granting of the grievance. The mediator, however, shall not have the authority to compel the resolution of the grievance.
11. If the grievance is not settled, withdrawn, or granted pursuant to these procedures, the parties are free to arbitrate.
12. If the grievance is arbitrated, the mediator shall not serve as the arbitrator, and nothing said nor done during the mediation process, either by the parties or the mediator, shall be used during arbitration.
13. The grievant will be permitted time off work subject to staffing availability to attend mediation proceedings and without loss of pay.

2521 Section 7 - Expedited Arbitration Procedure

2522 This procedure will apply to all grievances appealed to arbitration concerning discipline which when appealed, in writing, by the Union indicates a desire to expedite said case.

2523 When a discharge case is submitted to expedited arbitration, the parties shall confer within ten (10) calendar days to determine whether multiple days of arbitration are necessary. If either party determines the need for multiple days, the parties shall notify the selected arbitrator in order to calendar any other hearing dates that the parties project.

2524 A case appealed to arbitration will be submitted to the arbitrator within one-hundred twenty (120) calendar days of the date of request.

2525 The parties will select a panel of ten (10) arbitrators. These arbitrators will be contacted and must agree to the process involved herein. The arbitrator for each case will be selected by the parties agreeing upon a date for the arbitration and agreeing to use the first arbitrator who has that date available.

2526 This initial panel will be utilized until July of each year. At that time, the parties will select a new panel, which can include arbitrators from the initial list. If no new panel is selected by that time, the old panel continues, except that either party may strike arbitrators from the old panel.

2527 In expedited cases, a transcript will be taken and provided to the arbitrator and the arbitrator must render a decision within thirty (30) calendar days of receipt of transcript or post hearing briefs, whichever is the later.

2528 In non-discharge cases, briefs will generally not be written, however, an exception to this will occur if the arbitrator rules that briefs will be filed, after a motion for such

ruling by either party, or upon the arbitrator's motion. In a discharge case, briefs will be filed unless both parties mutually agree otherwise.

2529 When briefs are filed by the parties, they will be submitted to the arbitrator within thirty (30) days of receipt of the transcript.

2530 The parties may also, by mutual agreement, agree to write briefs.

2531 If briefs are filed, and a transcript has been taken, the arbitrator will be provided with a transcript.

2532 If briefs are filed, the arbitrator must render a decision within thirty (30) calendar days of receipt of briefs.

2533 Other than as specifically modified herein, the grievance procedure, including the authority of the arbitrator, remains as provided in the Agreement.

2534 Whether or not the parties mutually agree, either party may have a transcript taken.

2535 Section 8 - Time Limits

2536 By mutual agreement between the Union and the Employer, the time limits of any step of the grievance procedure may be extended once. If the Employer's authorized representative fails to answer a grievance within the time limits specified in any step of the grievance procedure, the Union shall have the right to appeal the grievance immediately to the next step of the grievance procedure.

2537 Section 9

2538 The grievance procedure provided herein shall be used only for the purpose of interpreting and applying or determining compliance with provisions of this Agreement and shall not be used to add to, detract from, nor alter in any way the provisions of this Agreement.

2539 Section 10

2540 In the event a grievance is not processed through any of the Steps set forth in this Article within the time limits provided, the grievance shall be considered to have been waived.

2541 Section 11 - Grievance Settlements

2542 The Employer agrees to provide separate checks for wage adjustments relating to grievance settlements, where appropriate.

2600 ARTICLE 26 - SPECIAL COMMITTEE

2601 In an effort to resolve issues regarding workload, the handling of new classifications which might be established during the life of the new contract, and

changes in existing classifications which might warrant reclassification and wage adjustment, the Employer and the Union hereby agree as follows:

1. For the San Diego Service Area there shall be established a special committee comprised of a minimum of three (3) members from the Employer (at least one of whom shall be a representative from the local Human Resource Department) and three (3) members of the Union (at least one of whom shall be a Local Union Business Representative).
2. The committee shall begin to investigate the special issues raised by either party in that area.
3. The committee shall investigate all alleged issues concerning work load and new or revised classification issues, which have not been resolved on a departmental or unit level, or which both parties feel merits consideration by the special committee. Where genuine issues appear to exist, the committee shall attempt to resolve such issues on a continuing basis by meetings and discussions; where agreement cannot be reached, the issues shall be resolved through referral to the Grievance Procedure (Article 24) at the Step 3 level. Changes made shall be implemented immediately as soon as agreement is reached on said changes.
4. The special committee shall meet as frequently as required to investigate and dispose of all issue, but not less than quarterly.
5. This Agreement in no way is intended to add to, delete from, or modify any provisions of the contract. Matters shall not be concurrently dealt with in both the special committee and the dispute procedure; however, if matters brought to the special committee have not been satisfactorily resolved by thirty (30) calendar days after submission, either party shall be free to implement the Grievance Procedure at Step 3 as provided in number 3 above.

2700 ARTICLE 27 - CLASSIFICATION REVIEW

2701 Section 1 - Procedure

2702 It is agreed that the classifications listed constitute an elimination of all wage rate inequalities between and among the jobs and positions covered by this Agreement, and that the classification for each job or position shall continue in effect until or unless the job or position content undergoes a significant change. A significant change shall be construed as one which changes the classification at least one whole grade.

2703 It is also agreed that, in the future, when new jobs are created, or when the content of an existing job is affected to the extent described above, the Employer will describe and classify any such new or changed jobs. All such new or changed jobs shall be assigned to the proper position grade listed in the wage structure. When necessary, the Employer will establish an interim rate for a new job until such time

as the job can be accurately described and classified, at which time the appropriate rate shall be instituted retroactive to the date the new job was established.

2704 The Employer will notify the Union of any new or changed jobs by submitting a job description and appropriate wage rate. If the Union determines that the wage rate assigned is inappropriate, the Union may, within fifteen (15) calendar days, appeal the matter to Step 3 of the Grievance Procedure. When the rate has been fixed by mutual agreement as described above, the rate shall be considered permanent and equitable.

2705 Section 2 - Reclassification Review Procedure

2706 It is agreed that the request for review and classification of positions shall be originated by the employee affected. Such requests shall be referred, in writing, to the employee's supervisor and Human Resources on a form provided by the Union or the Employer. A meeting will take place between the Manager, Union, Human Resources, and employee(s), within (15) workdays of the Union's request to meet. The Employer will respond to the employee within ninety (90) days from the date of the meeting. These time limits may be extended only by consent and approval of the Union and the Employer. If the parties cannot reach agreement concerning their review of the position, the matter may, within ten (10) work days, be appealed to Step Three of the Grievance and Arbitration Procedure.

2707 No employee or groups of employees, in the same classification in a department at a facility shall have the basis for submitting a reclassification under this provision more than once in a twelve (12) month period, unless the classification has undergone a significant change in job content; however, the parties may mutually agree to waive the twelve (12) month limitation and meet as necessary.

2708 Employees reclassified upward shall have full recognition of total length of service in establishing the new wage rate position and become effective the date the reclassification request is reviewed at the meeting with the Manager, Union, Human Resources and Employee provided a completed Position Content Questionnaire is submitted by the Union.

2800 ARTICLE 28 - JUST CULTURE

2801 Just Culture is the framework that the Employer and the Association will jointly integrate and utilize to ensure quality, service and patient safety. Implementing the Just Culture principles promotes and sustains an environment of safety, which encourages employees to report errors and near misses without the fear of retaliation and ensures balanced accountability for both individuals and the organization responsible for designing and improving systems in the workplace.

2802 Labor and management will work together to create and sustain an environment of Just Culture by ensuring that key elements of Just Culture are used and understood by employees and management.

2900 ARTICLE 29 - SAFETY

2901 Section 1

2902 The Employer shall, at all times, provide safe materials, equipment and working conditions for all employees. The Employer agrees to provide all employees with a safe work place and further agrees to comply with the Federal and California Occupational and Safety Health Acts.

2903 Any unsafe condition at an employee's work place and known to be unsafe by an employee, shall be reported to the Safety Director or to the Safety Committee in the absence of the employee's supervisor. Employees shall not be discriminated against or disciplined as a result of reporting unsafe conditions; provided, the employee did not intentionally or negligently contribute to the unsafe condition.

2904 The Union shall appoint two (2) bargaining unit employees to the Employer's Safety Committee.

2905 Section 2 - Radiologic Safety

2906 Radiation detection film badges will be monitored on a monthly basis for all individuals who wear them. Results of readings will be made available to these individuals.

2907 Pregnant radiologic technologists and nuclear medicine technologists, at their request or the request of the Employer, shall be assigned to work in areas where radiation exposure is minimized and shall not be required to work with portable equipment or fluoroscopy equipment. Such change in assignment shall be made at no reduction in pay.

2908 Section 3 - Parking Lot Security

2909 It is the intent of the Employer to provide safe and secure employee parking areas at all facilities.

2910 Section 5 - Hazardous Condition

2911 Should a medically hazardous condition exist in any department such as SPD, OR, etc., which poses a risk to an employee who is pregnant, the Employer will make every effort to assist the employee to obtain other comparable temporary positions. Further, any such placement does not ensure continuance of a former shift or department.

3000 ARTICLE 30 - SAVINGS CLAUSE

3001 In the event that any provision of this Agreement shall at any time be declared invalid by a court of competent jurisdiction or through government regulations or decree, such decision shall not invalidate the entire Agreement. The parties hereto agree to renegotiate such provision(s) of this Agreement for the purpose of making them conform to such governmental statutes. It is the express intention of the

parties hereto that all other provisions not declared invalid shall remain in full force and effect.

3100 ARTICLE 31 - DURATION OF AGREEMENT

3101 Section 1

3102 The Wage Schedules set forth in Appendix "A" attached hereto shall become effective on the dates shown thereon.

3103 This Agreement shall become effective on the first (1st) day of October 1, 2019, except as otherwise indicated, and shall continue in effect until the first (1st) day of July 1, 2023, and shall continue in effect from year to year thereafter until written notice of the desire to amend or terminate this Agreement is given, not less than ninety (90) days prior to such yearly expiration, by either of the parties to this Agreement to the other and except in the event of termination notice, the Agreement then in effect shall remain in full force and effect until a new agreement is consummated.

3104 Section 2

3105 If any provision of this Agreement is found to be in conflict with the laws of the State of California or of the United States of America, the remaining provisions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the respective parties hereto have executed this Agreement on this 1st day of October 1, 2019.

Mr. Walter Allen, Jr.
Executive Director / Chief Financial Officer
Local 30, AFL-CIO, CLC
4560 Alvarado Canyon Road, Ste. 2H
San Diego, California 92120

Dear Mr. Allen:

The purpose of this letter is to set forth the understanding reached during negotiations relative to the Bilingual Employee Program.

Bilingual Employee Program

Purpose

The goal of the Bilingual Employee Program is to utilize bilingual staff within their scope of practice, to provide quality care for Limited English Proficient (LEP) members and ensure that KP meets Cultural and Linguistic Appropriate Services (CLAS), and other regulatory standards. In addition to developing our internal bilingual capacity, we continue to require interpreter services to meet the needs of members who are not in contact with bilingual staff. At this time, KP utilizes other resources such as phone interpreters to provide language services that we cannot meet using bilingual staff. In addition to these interpreter resources, it is understood that bilingual staff may be called to provide language assistance in appropriate situations. What follows are specific contractual issues that support this program.

Labor & Management Process

This program will be created and implemented through a Joint Labor and Management workgroup process. The development of the full-time healthcare interpreter job description and its associated pay rate will be created by the Employer.

Full-time Healthcare Interpreter Position

Job Description – The Union and the Employee agree to develop and implement a new position of a full-time healthcare interpreter. The job description and accompanying wage rate will be jointly agreed to no later than November 15, 2005.

Ongoing Review – The parties agree to jointly conduct periodic reviews to monitor staffing levels, workload issues, and the effectiveness of the position and the program.

Intent – The intent of this position is not to replace but enhance the employee bilingual interpretation function.

Qualified Bilingual Status

Level Description – There shall be two levels for Qualified Bilingual Status (QBS). Level 1 will be those employees assessed as proficient in conversation language skills and basic command of a second language as determined by a jointly agreed upon assessment tool. Level 2 will be those employees assessed at a greater level of fluency including medical terminology language skills as determined by a jointly agreed upon assessment tool. A joint labor/management team will determine the appropriate criteria for qualifying for a Level 2 designation and agree upon appropriate assessment tools.

Differential – Employees designated as Level 1 shall receive, or continue to receive, a bilingual differential in the amount of \$0.375 per hour and paid on all hours compensated per biweekly pay period. Employees designated as Level 2 shall receive a bilingual differential in the amount of \$0.55 per hour and paid on all hours compensated per biweekly pay period.

Program Implementation

Coverage – All employees who do not have a current bilingual assessment on file with their Human Resources office will be required to have their skills assessed by a jointly agreed upon assessment tool.

Assessment Process – Beginning January 1, 2006, all employees covered by this agreement will be given the opportunity to be assessed for proficiency at either the QBS Level 1 or Level 2 designation.

Training/Retraining – Employees who do not qualify as Level 1 will be provided educational support designated to enhance their conversational bilingual skills to enable them to successfully pass the assessment. All employees receiving the existing bilingual differential as of the effective date of the Agreement will maintain the differential during the assessment and training/retraining period, and at least until 5/1/07.

Loss of Differential – Employees who fail to qualify for either Level 1 or Level 2 designation by 5/1/07, will no longer receive a bilingual differential.

Posting Positions as ‘Bilingual Required’

The parties may agree to use the Northern California objective process as the basis for determining if a job should require bilingual skills. By mutual agreement, the parties may modify the Northern California model or jointly create an additional option.

‘Bilingual Required’ positions will not be posted unless both parties review and discuss the need for said position.

Mr. Walter Allen, Jr.

Cancellation

In the event that this program fails to be implemented or is discontinued for any reason during the term of this Agreement, the existing language in Article XIII, Section 15, paragraphs 1342 – 1343 will apply.

Sincerely,

/S/ Mary Anne Madruga
