Second Week of National Bargaining Begins.

As we head back into bargaining for our next national contract this week, Kaiser has announced its highest single-quarter profits ever: **\$3.2 BILLION.**

We, the workers at Kaiser, have played a huge part in building this success. Yet instead of sharing in the success all we see are record company profits, skyrocketing reserves, and growing executive salaries.

Kaiser is looking for cuts that would hurt our families and our patients . . .

If Kaiser executives say:	WE say:
<p><i>We need higher healthcare copays from you</i></p> <p><i>You make too much money</i></p> <p><i>Let's convert your pensions to 401Ks</i></p> <p><i>We need to keep outsourcing and automating your jobs</i></p> <p><i>Patients should pay higher premiums</i></p>	<p>“NO WAY!”</p>
